WiGrow Form

1.) Please talk about how your job has influenced your time management skills, your ability to balance priorities and your teamwork skills.

2.) How does your experience as a student employee connect with your coursework or your major?

3.) What were you looking for in student employment?

4.) How has your current job met this need or needs?

5.) Please share a couple of examples of things you’ve learned in your experience as a student employee that you think you may use in your chosen profession.

We would like to anonymously collect this document to further understand the student experience, if you are okay with this please give this document to your supervisor when inquired to do so.
